

Dear Sir

Re: Genetically Modified Organisms

Following your inquiry regarding GMOs and vegetarian statement, I am writing to outline Simpsons Malt's current position on this matter.

At present all products produced by Simpsons Malt are made from non-genetically modified material only and have not been in contact with any material derived from genetically modified sources during their processing. Also all products produced by Simpsons Malt are made without introduction of products or derivatives of animal origin, and have not been in contact with any products or derivatives of animal origin during their processing.

Should you have any queries on this or any other matter please do not hesitate to contact me.

Yours faithfully

For and on behalf of Simpsons Malt Limited

Pierre-Antoine Kantor

A handwritten signature in black ink, appearing to read "PA Kantor".
